

North Atlanta Volleyball Club: How to report match scores for your team

The new NAVC web site includes the ability to submit match scores for your team through a web interface designed especially for phones and tablets, instead of sending texts to the club. Your scores will be automatically posted on the NAVC web site, as well as being sent via Twitter to all our followers.

The web address you need is: <http://NorthAtlantaVolleyball.com/scores>

Our entire club has access to this phone-friendly mini-site so they can view scores in real time. However, only designated team representatives can sign in and report scores.

The screenshot shows the NAVC scores page. At the top, there is a green navigation bar with "View scores" and "Sign in" links. Below the navigation bar, there is a welcome message: "Welcome Walter! Latest NAVC scores". A note states: "All results from the last week are shown below. To display results from a single tournament, team, or date, choose from one of these options:". There are three search filters: "By tournney:" (with a dropdown menu), "By team:" (with a dropdown menu), and "By date:" (with a dropdown menu). Below the search filters, there is a section titled "Most recent scores:" which displays a table of scores. The table has columns for date, time, score, and result. The first entry is "10/13 9:30 am 18-1 Leah W". Below the table, there is a link "details" for the first entry.

The initial screen has the option to sign in to report new scores in the navigation bar at the top. Below are options to view scores that have already been reported by tournament, by team, or by date. At the bottom of the screen are the most recently reported scores for all teams and tournaments. Each scoreline includes additional information that can be viewed by expanding the entry with the "details" link.

The screenshot shows the expanded details for the score "18-1 Leah". The details include: "10/13 9:30 am 18-1 Leah W", "18-1 Leah beat KIVA 18-Red in 2 (25-15, 25-15)", "details", "Tournament: Ice Breaker", "Location: Atlanta, GA", "Match type: Challenge", "Play next: 8:30 am on Ct 5", "Reported by: Walter Patterson", and "Notes: My optional notes are here (hide details)".

This first screen includes icon information allowing it to be bookmarked or added to the home screen of you iPhone, iPad, or other mobile device. Take a moment to do that before continuing.

Sign in to report scores

The screenshot shows the sign-in form. It has two input fields: "Email or username:" and "Password:". Below the input fields is a "Sign in" button. Below the form, there is a link "I don't know my password".

[I don't know my password](#)

To report new scores, start by clicking the "Sign in" link in the top bar. Enter either the email address in your profile, or your user name, and then enter your password. None of these fields are case-sensitive so don't worry if your phone likes to automatically capitalize the name you enter.

If you don't know or don't remember your password, you can have it sent to the email address on file by clicking the "I don't know my password" link and entering your email address or user name on the next screen. If you don't know your email address or user name, contact the club. Once signed in, you have additional options to sign out or to update your password using the "Profile" link in the top bar.

Reporting a match score is simply a matter of filling out the form presented to you.

The “New score report” dropdown defaults to “New” for reporting a score for the first time. If you are reporting an old score from a previous day, change this option so that Twitter followers aren’t confused by the report.

The **Team**: dropdown will list teams for which you have score reporting capabilities. For many of you, that will be a single team, but we do have parents that report scores for multiple teams.

The **Tournament**: dropdown will present a list of all tournaments that NAVC teams attend, in chronological order. Choose the tournament your team is currently attending.

The **Date**: settings will default to the current date, so there is no need to change these unless you are late reporting a score from a past date.

The **Time**: dropdown should be set to the scheduled match time, even if the match started early or late.

The **Match type**: setting allows you to specify if the match was a pool play, tiebreaker, or one of the options in bracket play all the way up to the finals. Use the Quarterfinal, Semifinal, and Final options even if your team is playing in Silver or a lower bracket.

Win/Loss: Set to show the match outcome.

Scoreline: Always enter our team’s score first. Hyphenate scores and separate each set with a comma and a space. For example, 25-23, 20-25, 15-13 which would be a 2 sets to 1 set win.

Opponent club and team name: Please don’t simply enter “KIVA” or “15-2” – enter the name of the club and team each time. Example: “KIVA 16-Red” or “MAVA 18-1”.

Optional notes: Leave blank, or add a brief match note about the match, result, future round, or individual highlights. Use complete sentences, proper capitalization and punctuation, as this will be published on the NAVC web site. Above all, use a neutral tone and avoid writing anything you or the club wouldn’t want published on our website.

Play next at: Enter what time your next match is, and on which court. If you don’t know, or if it isn’t relevant (such as after your final match) simply leave these fields blank.

The “**Continue**” button will allow you to preview scores before submitting for display on the web site and Twitter. Review your entry, then Click the “**Send score**” button to finish.

The screenshot shows a web interface for reporting scores. At the top is a green navigation bar with links: View scores, Report scores, Profile, Sign out, and Help PDF. Below this is the heading "Report scores for your NAVC team" and a dropdown menu for "New score report, or filling in old scores:" with "New/current score report" selected. The form includes several dropdown menus: "Team:" (choose team), "Tournament:" (select tournament), "Date:" (10, 13, 2014), "Time:" (choose), "Match type:" (choose), and "Win/Loss:" (choose). There is a text input field for the "Scoreline:" with an example: "25-23, 20-25, 15-13". Below that is another text input field for "Opponent club and team name:" with an example: "KIVA 16-Red". A large text area is provided for "Optional notes about this match (use proper sentence structure, capitalization, and punctuation):". At the bottom, there is a field for "If known: Play next at:" (choose) on Court [input field], and a "Continue" button.
